

JETsClub

Supreme Pillars School

QR-Code Project

The Junior Engineers, Technicians and Scientists Club (JETs) Supreme Pillars School Annex was founded in June, 2021.

Presently, there are 10 registered members including the executives. We meet weekly to deliberate on engineering and technological tasks and execute these tasks jointly.

We are great thinkers hoping to change the world with our inventions. How can the world be without science and technology? we are the future of this great nation.

JETs Club !!! We create and invent!!!
